Another word to the good people of Alexandria. To those who were wise enough to give us a call and to inspect the offerings we have been making for the last few weeks, it is needless for us to say anything in the way of ex-planstion of what we are doing. Our bar-gains are more convincing than columns of gains are more convincing than contains of argument and our prices more eloquent than mere words. But to those who are shy and backward, and who are suspicious of "sales" gotten up now and then by merchants to boom business, we desire to say a few words to-day.

In the first place we want you to understand that this is no "fiske" selling out. It is the term of or placement of the limit that this is no "fiske" selling out. GREEN GINGER isn't done for pleasure, and it isn't done for profit. Stern necessity caused the institution

of this sale. Stern necessity fixed the prices. Stern necessity again demands a cut in prices regardless of the value, cost and desirability of the Goods, Wares and Merchandise we have still on hand The law says that this estate must be speed-ily wound up, and wind up is the word even ily wound up, and wind up is the word even if we have to practically give the goods away. Now, if we have convinced you that this is a bona fide clearing out, and have gained enough of your confidence to have you believe that our object is to get rid of the goods we have at any prices, we will, for the purpose of convincing those who have not visited our MAMMOTH SLAUGHTER SALE that we offer the bargains of a life-time, quote some prices we have made on popular and desirable goods. Figures we know don't lie so some prices we have made on popular and de-sirable goods. Figures, we know, don't lie, so we will let them speak for themselves. Look over our list carefully, and if you see anything you want, cut out the advertisement, and put you finger on the article and come to us, and you will get the stuff exactly as advertised. To our numerous friends who have been in to

to our numerous friends who have been in to see us so often lately, we desire to say only that this picnic can't last much longer. Make hay while the sun shines. Our loss is your gain. A word to the wise is sufficient. Watch our figures. Here goes: PILLOW CASE COTTONS AND

Why, we could sell to shop-keepers at these prices; but we prefer to give the people the benefit of this opportunity. Our unprecedented success heretofore in this sale makes us anticipate a very lively week after this great cut, and we therefore advise those who intend to take advantage of it, to call early, so we can give them the benefit of a better choice and better attention.
